JKMPTL - Our Journey At A Glance

About JKMPPTL - Tools & Hardware Division

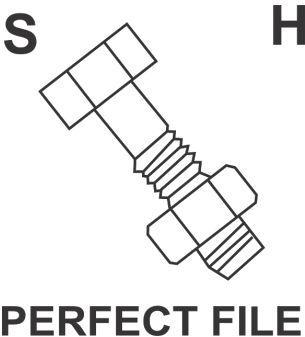

JK Maini Precision Technology Limited, a Raymond Group company (formerly known as JK FEL Tools & Technologies Limited), is the **world's largest manufacturer of steel files, commanding 25% of the global market** and serving customers directly in **over 55 countries**.

With a **dominant 66% market share in India** (by sales volume) in the file segment, a growing presence in the HSS drill segment, and a legacy spanning over seven decades, our unwavering focus on precision, quality, and performance continues to set us apart.

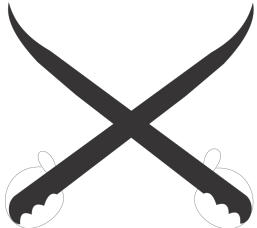

We are also **India's largest manufacturer of HSS ground flute drills**, reinforcing our leadership in the cutting tools category. Our rapidly expanding **portfolio includes Hand Tools, Power Tools, and Power Tool Accessories**, serving professionals across a broad range of applications.

Empowering every task with speed and ease — we are truly Your, **Speedy. Effortless. Tool.**

Metal Fabrication

Best in Class Manufacturing Facilities

-  Largest Installed manufacturing capacity of steel files
-  **25-27%** of the Global capacity .
-  Low-cost manufacturing base allowing to capitalize on China +1 trend
-  Backward Integrated manufacturing
-  Customised machinery for superior steel files
-  Company does manual testing for 100% of the files providing an edge over its competitors
-  Designing capabilities of its own machines required for production of Files

Installed Capacities ¹	Files	Drills
	7.44 Mn dozens	24.50 Mn units

Tools & Hardware

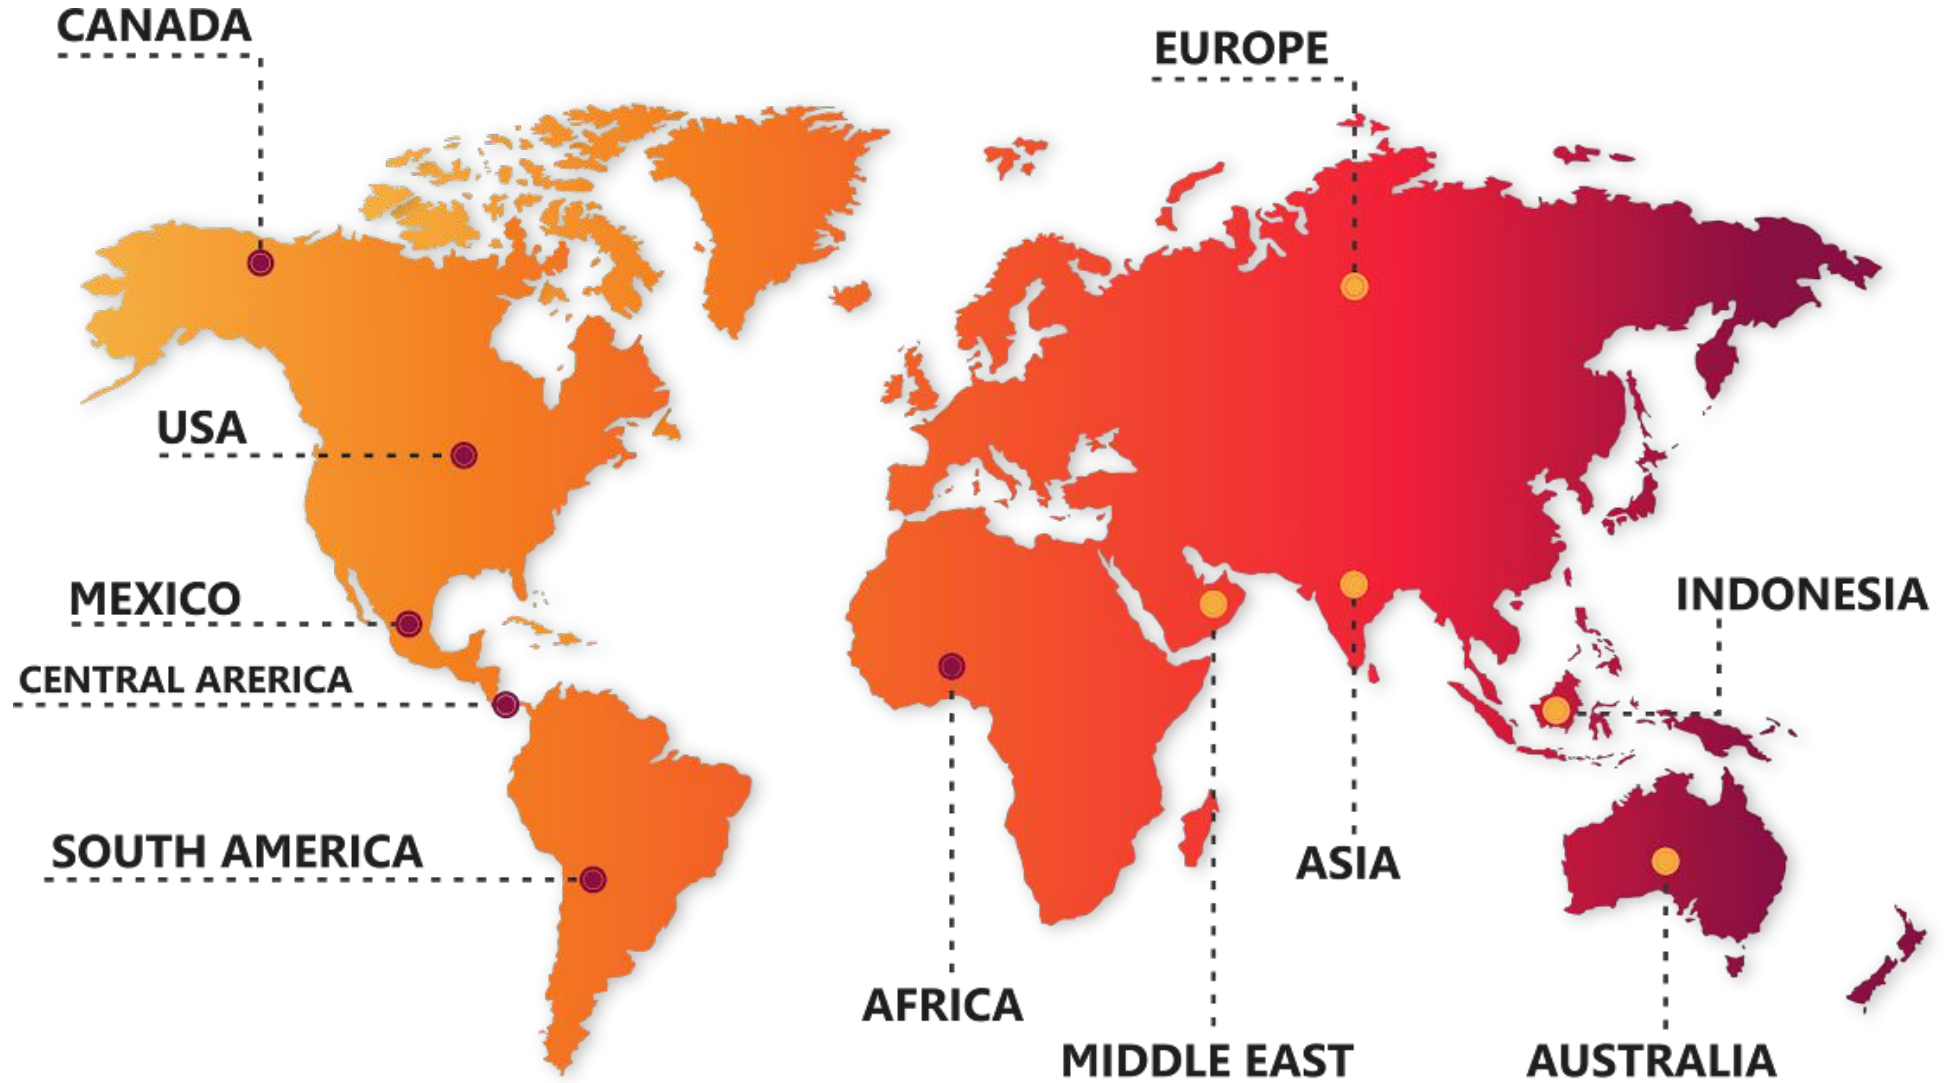

Flexible manufacturing processes to suit market demand

Manufacturing Facilities

- 4 Manufacturing ISO 9001-2008 certified plants.
- Strategically placed around India.

Files

Product Range: Files

Usage: Agricultural applications for sharpening of harvesting tools like machetes

Agri Harvesting

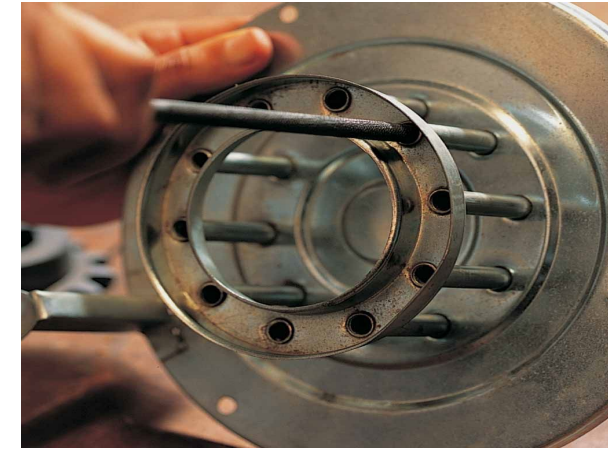

- Hoe Mill, Farmer's own & Mill Files-Single cut
- Flat Smooth/Light, Flat Handle – Double cut
- Big Taper – Single cut
- Flat (Used in Agri as well as Industry) – Double cut

Usage: Used in carpentry, wood cutting applications(All single cut)

Saw Files

- Slim Taper & Regular Taper Saw -Single cut
- Heavy Taper Saw
- Feather Edge & Double Edge Saw
- Pit Saw & Chain Saw

Usage: Used in Industrial applications(all double cut)

Engineering Files

- Flat/Hand /Knife
- Half Round/Round
- Square/Three Square
- Rasp
- Needle File
